|---------------------------------|--|
| Bacterial Wilt (of potato)      | <i>Pseudomonas solanacearum</i>                                |
| Black Spot (of citrus)          | <i>Guignardia citricarpa</i>                                   |
| Boil Smut (of maize)            | <i>Ustilago maydis</i>   |
| Citrus Blight                   |  |
| Citrus Gall Wasp                | <i>Bruchophagus follis</i>                                     |
| Citrus Red Mite                 | <i>Panonychus citri</i>  |
| European Red Mite               | <i>Panonychus ulmi</i>   |
| Fire Blight                     | <i>Erwinia amylovora</i>                                       |
| Fruit flies                     | pest species of <i>Tephritidae</i> family                      |
| Garlic Rust                     | <i>Puccinia allii</i>  |
| Green Snail                     | <i>Helix aspersa</i>   |
| Java Downy Mildew (of maize)    | <i>Peronospora maydis</i>                                      |
| Lupin Anthracnose               | <i>Colletotrichum gloeosporioides</i>                          |
| Melon Thrips                    | <i>Thrips palmi</i>  |
| Needle Blight                   | <i>Dothistroma pini</i>  |
| Onion Smut                      | <i>Urocystis cepulae</i>                                       |
| Phylloxera                      | <i>Daktulosphaira vitifoliae</i> (Fitch)                       |
| Potato Cyst Nematodes           | <i>Globodera pallida</i> and<br><i>Globodera rostochiensis</i> |
| Purple Round Scale              | <i>Chrysomphalus ficus</i>                                     |
| Scab (of citrus)                | <i>Elsinoe fawcetti</i>  |
| Sweet Orange Stem Pitting       | Citrus Tristeza Virus  |
| Warehouse Beetle                | <i>Trogoderma variabile</i>                                    |
| White Louse Scale               | <i>Unaspis citri</i>   |
| White Root Rot (of apple trees) | <i>Dematophora necatrix</i>                                    |
| Wilt (of tomatoes plants)       | <i>Fusarium oxysporum</i>                                      |
