

Geoscience Library —

articles on South Australian geology published externally in 2010

Pam Aagaard (Minerals Information and Promotion Branch, PIRSA)

As a new service, a selection of articles relating to South Australia recently published in key geoscientific journals is listed below. These references have been sourced by the PIRSA Geoscience Library using the American Geological Institute 'GeoRef' database and other sources, and are available through the Geoscience Library.

- Agangi A, Kamenetsky VS and McPhie J 2010. *The role of fluorine in the concentration and transport of lithophile trace elements in felsic magmas; insights from the Gawler Range Volcanics, South Australia*. *Chemical Geology* 273(3–4):314–325.
- Backé G, Baines G, Giles D, Preiss WV and Alesci A 2010. *Basin geometry and salt diapirs in the Flinders Ranges, South Australia: insights gained from geologically-constrained modelling of potential field data*. *Marine and Petroleum Geology* 27(3):650–665.
- Bourman RP, Prescott JR, Banerjee D, Alley NF and Buckman S 2010. *Age and origin of alluvial sediments within and flanking the Mt Lofty Ranges, southern South Australia; a late Quaternary archive of climate and environmental change*. *Australian Journal of Earth Sciences* 57(2):175–192.
- Clark C and Hand M 2010. *Decoding Mesoproterozoic and Cambrian metamorphic events in Willyama Complex metapelites through the application of Sm-Nd garnet geochronology and P-T pseudosection analysis*. *Gondwana Research* 17(1):59–74.
- Cohen TJ, Nanson GC, Larsen JR, Jones BG, Price DM, Coleman M and Pietsch TJ 2010. *Late Quaternary aeolian and fluvial interactions on the Cooper Creek Fan and the association between linear and source-bordering dunes, Strzelecki Desert, Australia*. *Quaternary Science Reviews* 29(3–4):455–471.
- Cooper BJ 2010. *'Snowball Earth': the early contribution from South Australia*. *Earth Sciences History* 29(1):121–145.
- Craddock RA, Hutchinson MF and Stein JA 2010. *Topographic data reveal a buried fluvial landscape in the Simpson Desert, Australia*. *Australian Journal of Earth Sciences* 57(1):141–149.
- De Deckker P, Magee JW and Shelley JMG 2011. *Late Quaternary palaeohydrological change in the large playa Lake Frome in central Australia, recorded from the Mg/Ca and Sr/Ca in ostracod valves and biotic remains*. *Journal of Arid Environments* 75(1):38–50.
- Dutch RA, Hand M and Kelsey DE 2010. *Unravelling the tectonothermal evolution of reworked Archean granulite facies metapelites using in situ geochronology: an example from the Gawler Craton, Australia*. *Journal of Metamorphic Geology* 28(3):293–316.
