

Fisheries Management (Lakes and Coorong) Regulations 2009

Regulation 18

Revocation

As of 21 June 2023, the Determination made for the purposes of regulation 18 dated 8 April 2022 will be revoked.

Determination

For the purpose of Regulation 18 relating to catch and disposal requirements in the Lakes and Coorong Fishery, I make the following determinations commencing 21 June 2023: –

- Licence holders, registered masters or their nominated agents who do not have previous written approval from the Executive Director, Fisheries and Aquaculture, or the Director of Operations to submit an electronic report in respect of all Pipi harvested pursuant to that licence must comply with Part A *and* Part B of this determination until the Manager Leasing and Licensing has provided written notice that they are no longer required to comply with Part A.
- CDRs and reporting relating to the licences of holders who have previous written approval from the Executive Director, Fisheries and Aquaculture, or the Director of Operations to submit an electronic report in respect of all Pipi harvested pursuant to that licence or who have received written notice from the Manager Leasing and Licensing advising that paper-based records and reporting described in Part A are no longer required, will only be accepted by the Department in electronic form consistent with the requirements in Part B of this determination.

Part A

Paper based records and reporting

Unless licence holders have written notice from the Manager Leasing and licensing to the contrary, they must provide catch and disposal records and reporting as described in this part.

Regulation 18(1)(a) (record information) and Regulation 18(1)(b) (provide information)

- (1) The holder of a licence in respect of the fishery subject to a condition fixing a Pipi quota or nominated agent or the registered master of a registered boat used under such a licence must, before Pipi are removed from the shore to a place that is 100 m or more away from the Mean High Water Springs of coastal waters,

ensure that a Pipi Catch and Disposal Record being a G CDR is completed in respect of the Pipi taken.

- (2) For the purposes of completing a Pipi Catch and Disposal Record under this determination the holder of a licence in respect of the fishery subject to a condition fixing a Pipi quota, the registered master or nominated agent must ensure –

(a) where a G CDR is to be completed in respect of the Pipi:

- i. the original G CDR is placed in a waterproof envelope and secured to the approved container holding the Pipi or, if there is more than one approved container holding the Pipi, to one of those approved containers.
- ii. the G CDRs are completed in consecutive order and that all records in a G CDR book are completed before a new G CDR book is used.
- iii. a copy must be posted to the Department within 48 hours of its completion or within 4 days of its completion where the record has been transmitted by fax or email to a number or an email address nominated by the Department for this purpose.
- iv. if a G CDR completed in respect of Pipi taken under the licence is cancelled, all copies of the record are marked with the word “cancelled” and the original copy of the record is submitted to the Department within 48 hours of the cancellation.

- (3) Where tags issued by the Department are lost, the holder of a licence, registered master or nominated agent in respect of the fishery must ensure the Department is immediately notified of the lost tag number/s by -

- (a) an electronic report; or
- (b) contacting the Leasing and Licensing Unit of the Department directly via phone, fax or email.

Regulation 18(1)(c) (arrangements for fish)

- (1) The holder of a licence in respect of the fishery subject to a condition fixing Pipi quota or nominated agent or the registered master of a registered boat used under such a licence must, before Pipi are removed from the shore to a place that is 100 m or more away from the Mean High Water Springs of coastal waters, ensure that the Pipi are placed in an approved container and sealed with a tag issued by the Department.

(2) For the purposes of this determination the holder of a licence, the registered master or nominated agent must ensure -

- a. that not more than a volume of 20 litres of Pipi are placed in an approved container (such that the Pipi do not exceed the top of a 20 litre bucket when level in the bucket). Each sealed approved container will have a value of 20 kg and will be decremented as 20 kg of Pipi quota;
- b. that the sealed approved containers containing the Pipi are not opened before the Pipi are delivered or consigned to a registered fish processor;
- c. where a tag is damaged in the process of sealing an approved container that –
 - i. the damaged tag is threaded onto a replacement tag used to seal the approved container; and
 - ii. the number of the replacement tag is recorded on the G CDR.

Regulation 18(3) (keeping of records)

- (1) The holder of a licence, registered master or nominated agent must—
- (a) make a copy of each G CDR that he or she completes under this determination before the return is submitted; and
 - (b) retain the copy for a period of 12 months from the last day of the month to which the return relates.

Part B

Electronic records and reporting

Licence holders must provide electronic catch and disposal records and reporting as described in this part.

Regulation 18(1)(a) (record information) and Regulation 18(1)(b) (provide information)

- (1) The holder of a licence in respect of the fishery subject to a condition fixing a Pipi quota or nominated agent or the registered master of a registered boat used under such a licence must, before Pipi are removed from the shore to a place that is 100 m or more away from the Mean High Water Springs of coastal waters, ensure that an electronic report is completed in respect of the Pipi taken.
- (2) For the purposes of completing a Pipi Catch and Disposal Record under this determination the holder of a licence in respect of the fishery subject to a

condition fixing a Pipi quota, the registered master or nominated agent must ensure the electronic report must be accurately completed.

- (3) Where tags issued by the Department are lost, the holder of a licence, registered master or nominated agent in respect of the fishery must ensure the Department is immediately notified of the lost tag number/s by -
- (a) an electronic report; or
 - (b) contacting the Leasing and Licensing Unit of the Department directly via phone, fax or email.

Regulation 18(1)(c) (arrangements for fish)

- (1) The holder of a licence in respect of the fishery subject to a condition fixing Pipi quota or nominated agent or the registered master of a registered boat used under such a licence must, before Pipi are removed from the shore to a place that is 100 m or more away from the Mean High Water Springs of coastal waters, ensure that the Pipi are placed in an approved container and sealed with a tag issued by the Department.
- (2) For the purposes of this determination the holder of a licence, the registered master or nominated agent must ensure -
- a. that not more than a volume of 20 litres of Pipi are placed in an approved container (such that the Pipi do not exceed the top of a 20 litre bucket when level in the bucket). Each sealed approved container will have a value of 20 kg and will be decremented as 20 kg of Pipi quota;
 - b. that the sealed approved containers containing the Pipi are not opened before the Pipi are delivered or consigned to a registered fish processor;
 - c. where a tag is damaged in the process of sealing an approved container that –
 - i. the damaged tag is threaded onto a replacement tag used to seal the approved container; and
 - ii. the number of the replacement tag is recorded in an electronic report.
