

Macroalgae management area descriptions

Notes—

Unless otherwise specified, all lines are geodesics and all co-ordinates are expressed in terms of the Geocentric Datum of Australia 2020 (GDA2020). GDA2020 has the same meaning as in the *National Measurement (Recognized-Value Standard of Measurement of Position) Determination 2017* made under section 8A of the *National Measurement Act 1960 of the Commonwealth*.

State waters has the same meaning as in the *Aquaculture Act 2001*.

Macroalgae management area descriptions

Far West Coast Management Area

The Far West Coast Management Area is comprised of the area described in Schedule 1 and depicted on the map in Schedule 2.

SCHEDULE 1

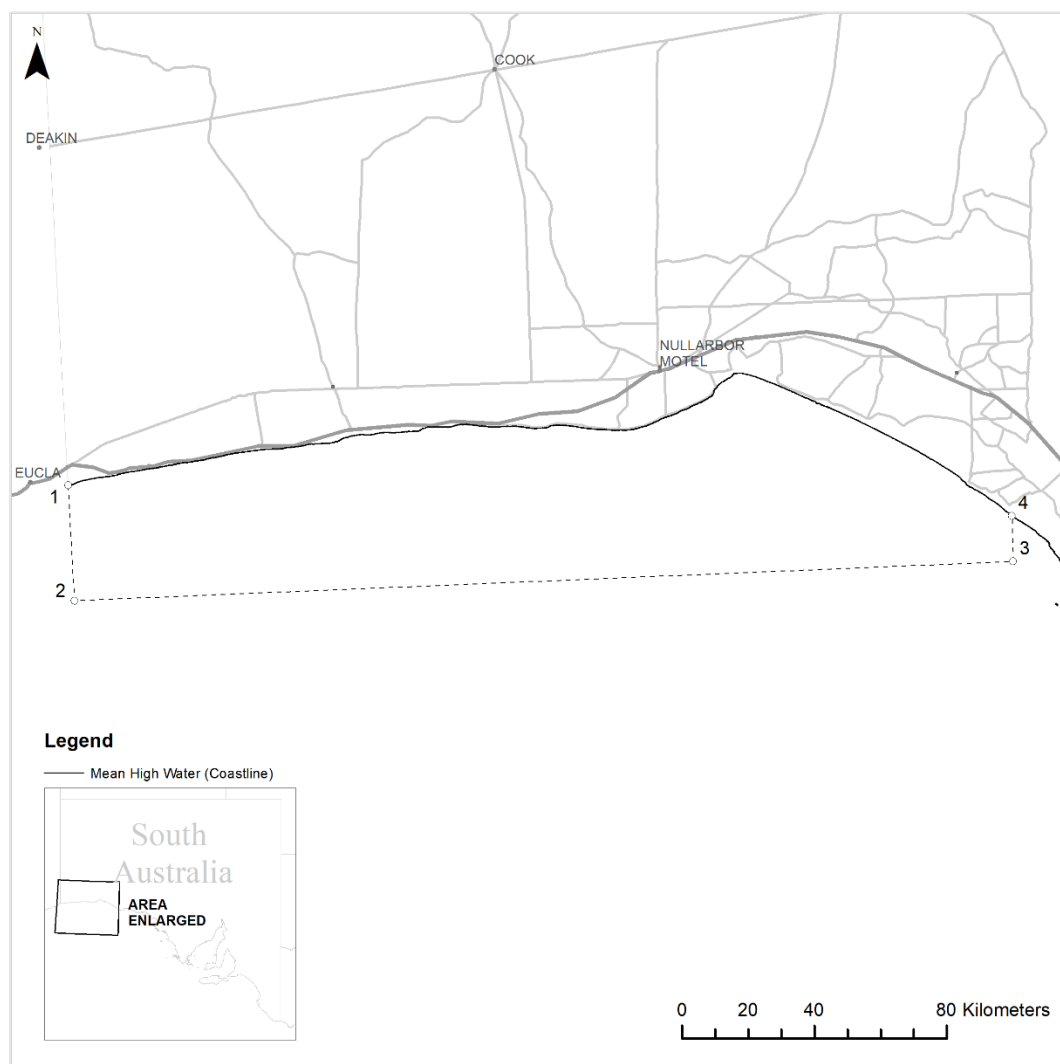

The Far West Coast Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 31°41'12.87" South, 129°00'05.03" East (Point 1), then southerly to 31°59'59.96" South, 129°00'05.17" East (Point 2), then easterly to 31°59'59.95" South, 132°00'00.03" East (Point 3), then northerly to the location on mean high water springs closest to 31°52'35.40" South, 132°00'00.03" East (Point 4), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 2 showing the Far West Coast Management Area.

SCHEDULE 2

Map of the Far West Coast Management Area

Macroalgae management area descriptions

Middle West Coast Management Area

Middle West Coast Management Area is comprised of the area described in Schedule 3 and depicted on the map in Schedule 4.

SCHEDULE 3

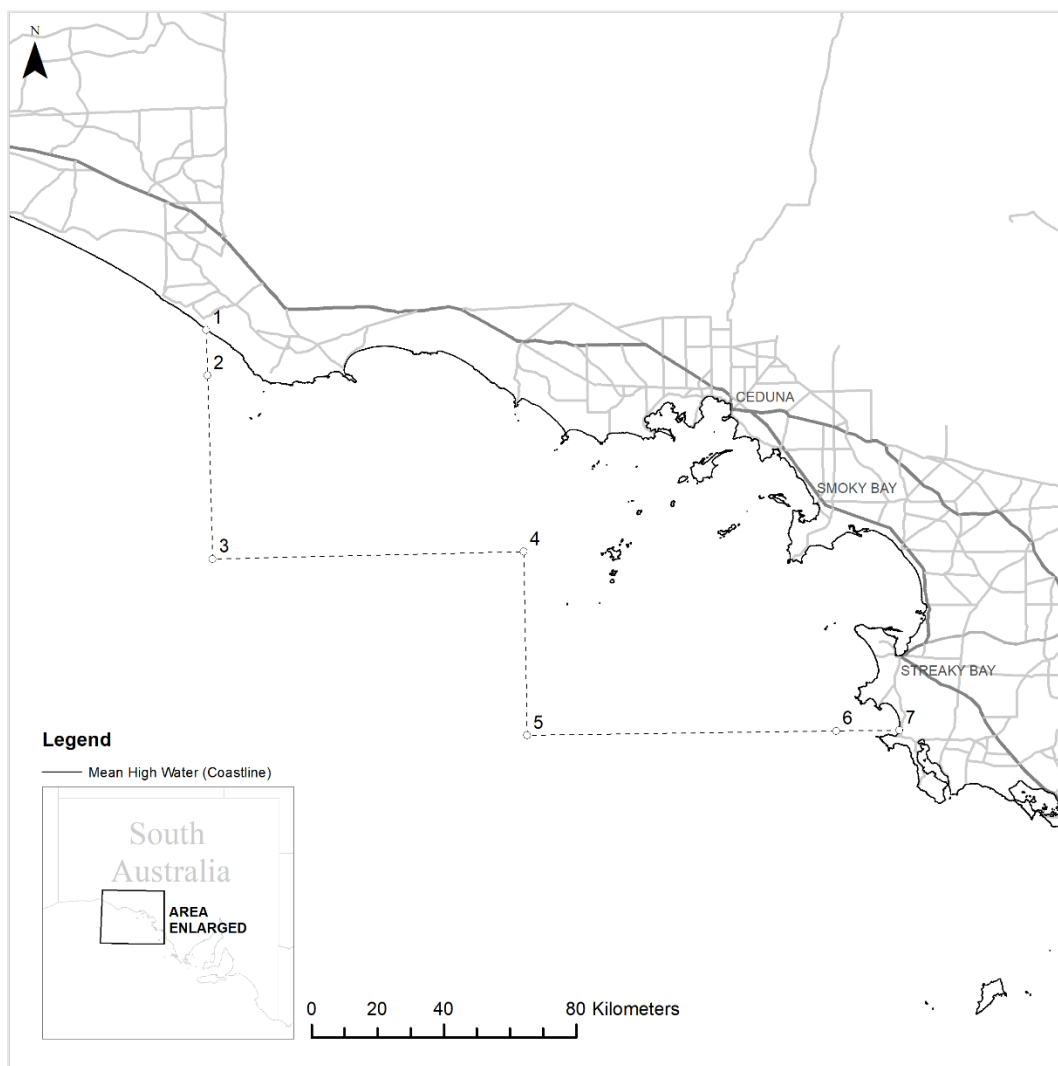

The Middle West Coast Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 31°52'35.40" South, 132°00'00.03" East (Point 1), then southerly to 31°59'59.95" South, 132°00'00.03" East (Point 2), then southerly to 32°29'59.95" South, 132°00'00.03" East (Point 3), then easterly to 32°29'59.95" South, 133°00'00.03" East (Point 4), then southerly to 32°59'59.95" South, 133°00'00.03" East (Point 5), then easterly to 32°59'59.95" South, 134°00'00.03" East (Point 6), then easterly to the location on mean high water springs closest to 32°59'59.96" South, 134°12'12.59" East (Point 7), then beginning northerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 4 showing the Middle West Coast Management Area.

SCHEDULE 4

Map of the Middle West Coast Management Area

Macroalgae management area descriptions

Western Eyre Management Area

The Western Eyre Management Area is comprised of the area described in Schedule 5 and depicted on the map in Schedule 6.

SCHEDULE 5

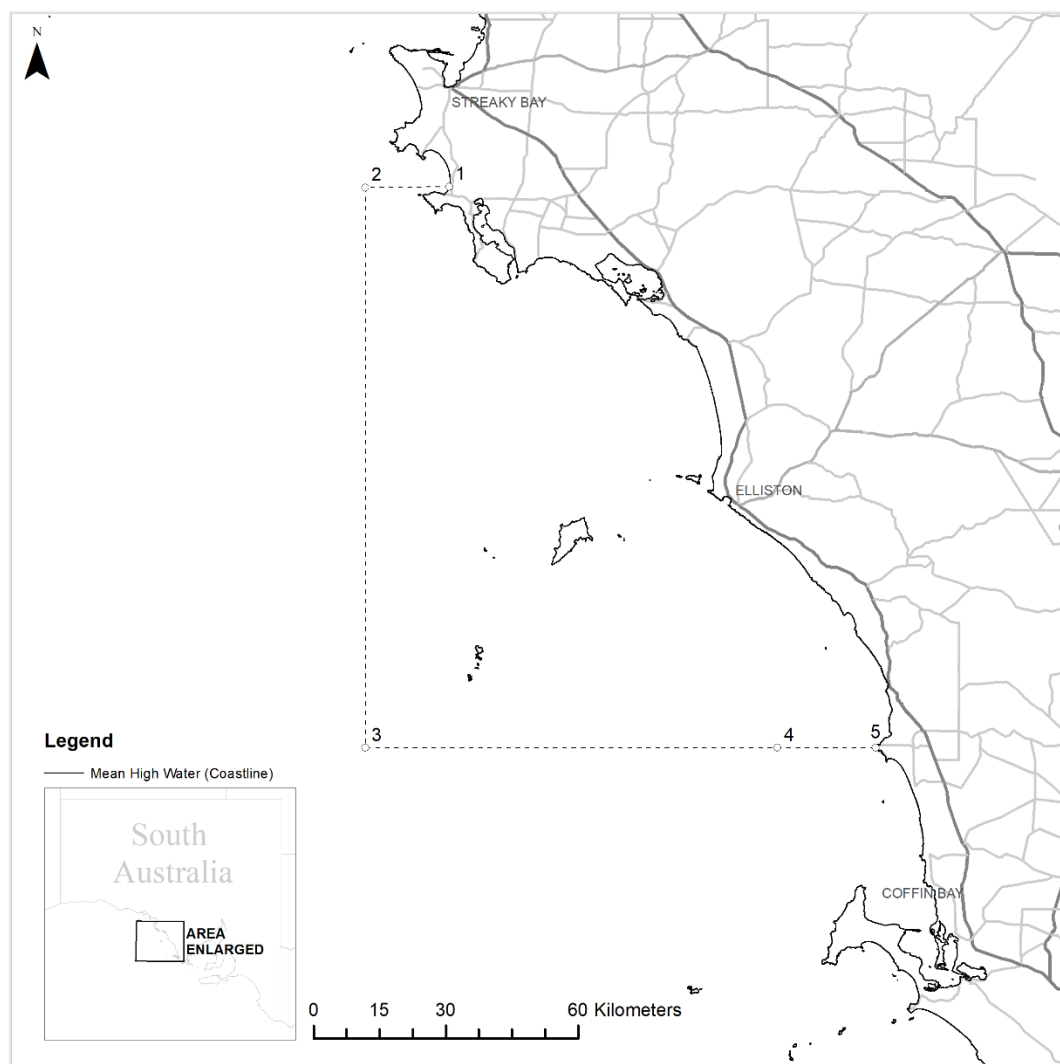

The Western Eyre Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 32°59'59.96" South, 134°12'12.59" East (Point 1), then westerly to 32°59'59.95" South, 134°00'00.03" East (Point 2), then southerly to 34°08'38.01" South, 133°59'12.26" East (Point 3), then easterly to 34°08'53.06" South, 135°00'00.05" East (Point 4), then easterly to the location on mean high water springs closest to 34°08'52.21" South, 135°14'29.78" East (Point 5), then beginning northerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 6 showing the Western Eyre Management Area.

SCHEDULE 6

Map of the Western Eyre Management Area

Macroalgae management area descriptions

Coffin Bay Management Area

The Coffin Bay Management Area is comprised of the area described in Schedule 7 and depicted on the map in Schedule 8.

SCHEDULE 7

The Coffin Bay Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°08'52.21" South, 135°14'29.78" East (Point 1), then westerly to 34°08'53.06" South, 135°00'00.05" East (Point 2), then southerly to 34°29'59.95" South, 135°00'00.03" East (Point 3), then easterly to the location on mean high water springs closest to 34°29'59.95" South, 135°08'52.74" East (Point 4), then beginning north-easterly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 8 showing the Coffin Bay Management Area.

SCHEDULE 8

Map of the Coffin Bay Management Area

Macroalgae management area descriptions

Southern Eyre Management Area

The Southern Eyre Management Area is comprised of the area described in Schedule 9 and depicted on the map in Schedule 10.

SCHEDULE 9

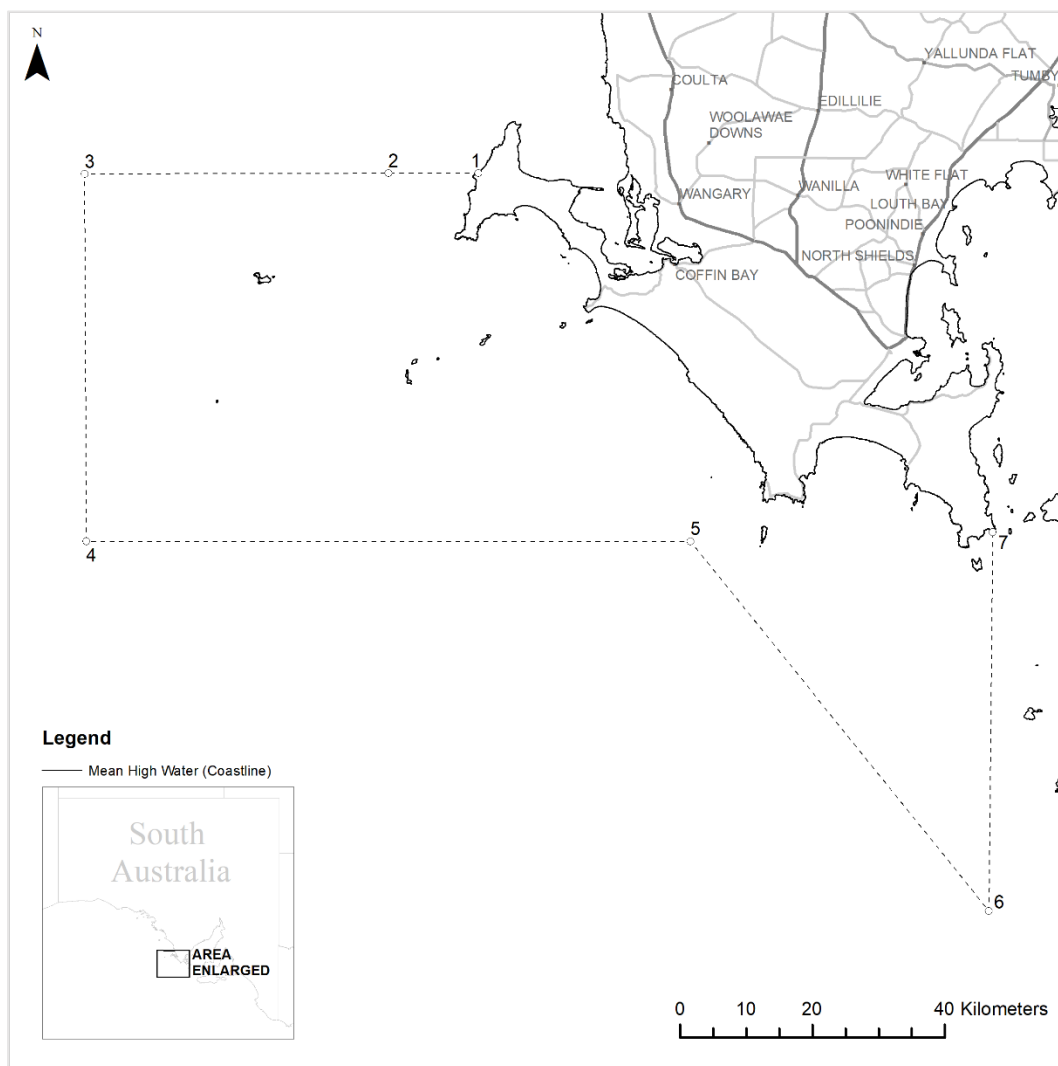

The Southern Eyre Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°29'59.95" South, 135°08'52.74" East (Point 1), then westerly to 34°29'59.95" South, 135°00'00.03" East (Point 2), then westerly to 34°29'59.95" South, 134°30'00.03" East (Point 3), then southerly to 34°59'59.95" South, 134°30'00.03" East (Point 4), then easterly to 34°59'59.95" South, 135°30'00.03" East (Point 5), then south-easterly to 35°29'59.95" South, 136°00'00.03" East (Point 6), then northerly to the location on mean high water springs closest to 34°59'04.63" South, 136°00'00.25" East (Point 7), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 10 showing the Southern Eyre Management Area.

SCHEDULE 10

Map of the Southern Eyre Management Area

Macroalgae management area descriptions

Eastern Eyre Management Area

The Eastern Eyre Management Area is comprised of the area described in Schedule 11 and depicted on the map in Schedule 12.

SCHEDULE 11

The Eastern Eyre Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°59'04.63" South, 136°00'00.25" East (Point 1), then southerly to 35°29'59.95" South, 136°00'00.03" East (Point 2), then north-easterly to 34°45'25.10" South, 136°49'49.43" East (Point 3), then north-westerly to the location on mean high water springs closest to 34°17'37.07" South, 136°14'06.06" East (Point 4), then beginning south-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 12 showing the Eastern Eyre Management Area.

SCHEDULE 12

Map of the Eastern Eyre Management Area

Macroalgae management area descriptions

Western Spencer Gulf Management Area

The Western Spencer Gulf Management Area is comprised of the area described in Schedule 13 and depicted on the map in Schedule 14.

SCHEDULE 13

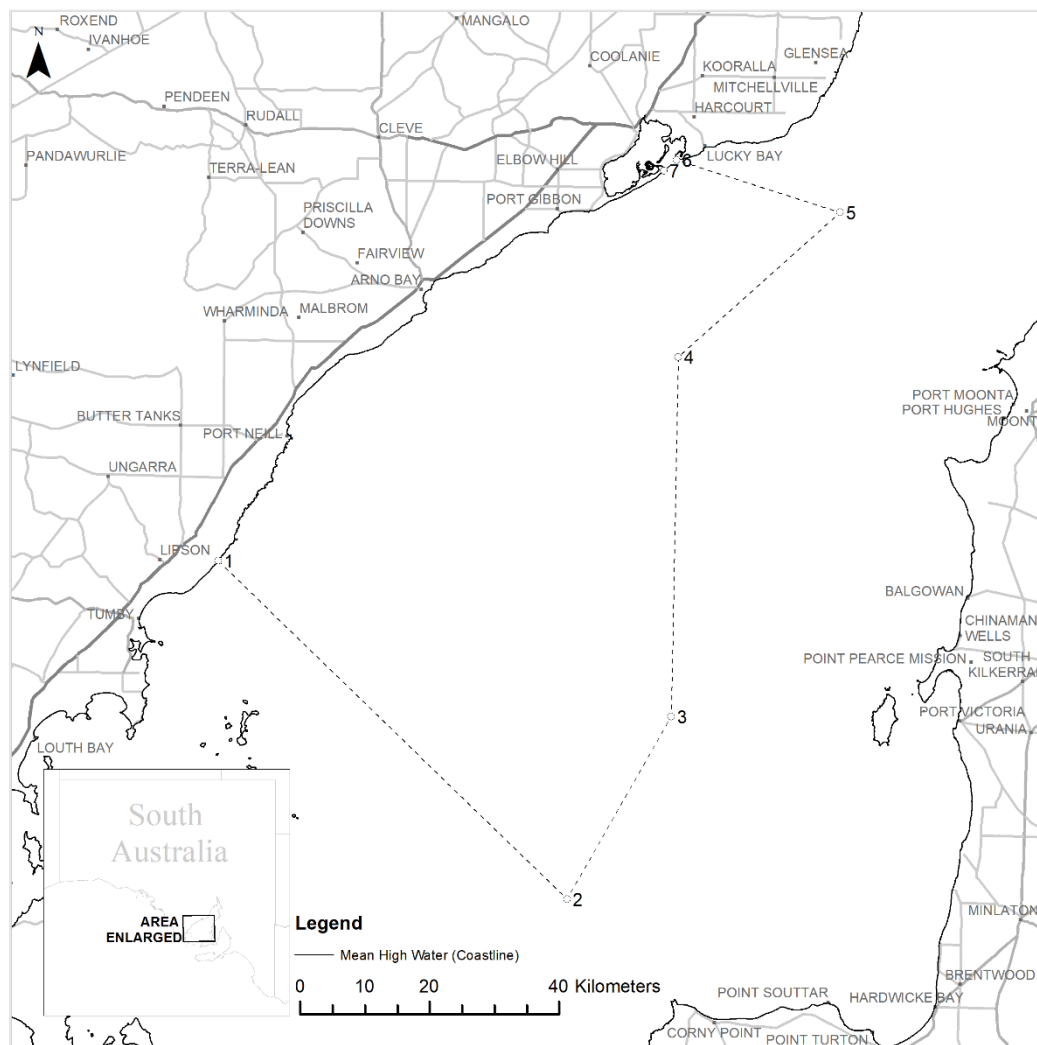

The Western Spencer Gulf Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°17'37.07" South, 136°14'06.06" East (Point 1), then south-easterly to 34°45'25.10" South, 136°49'49.43" East (Point 2), then north-easterly to 34°29'59.95" South, 137°00'00.03" East (Point 3), then northerly to 33°59'59.95" South, 137°00'00.03" East (Point 4), then north-easterly to 33°47'39.54" South, 137°15'54.69" East (Point 5), then north-westerly to the location on mean high water springs closest to 33°43'33.99" South, 136°59'25.26" East (Point 6), then south-westerly to the location on mean high water springs closest to 33°44'29.26" South, 136°58'11.21" East (Point 7), then beginning south-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 14 showing the Western Spencer Gulf Management Area.

SCHEDULE 14

Map of the Western Spencer Gulf Management Area

Macroalgae management area descriptions

Franklin Harbor Management Area

The Franklin Harbor Management Area is comprised of the area described in Schedule 15 and depicted on the map in Schedule 16.

SCHEDULE 15

The Franklin Harbor Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 33°44'29.26" South, 136°58'11.21" East (Point 1), then north-easterly to the location on mean high water springs closest to 33°43'33.99" South, 136°59'25.26" East (Point 2), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 16 showing the Franklin Harbor Management Area.

SCHEDULE 16

Map of the Franklin Harbor Management Area

Macroalgae management area descriptions

Upper Spencer Gulf Management Area

The Upper Spencer Gulf Management Area is comprised of the area described in Schedule 17 and depicted on the map in Schedule 18.

SCHEDULE 17

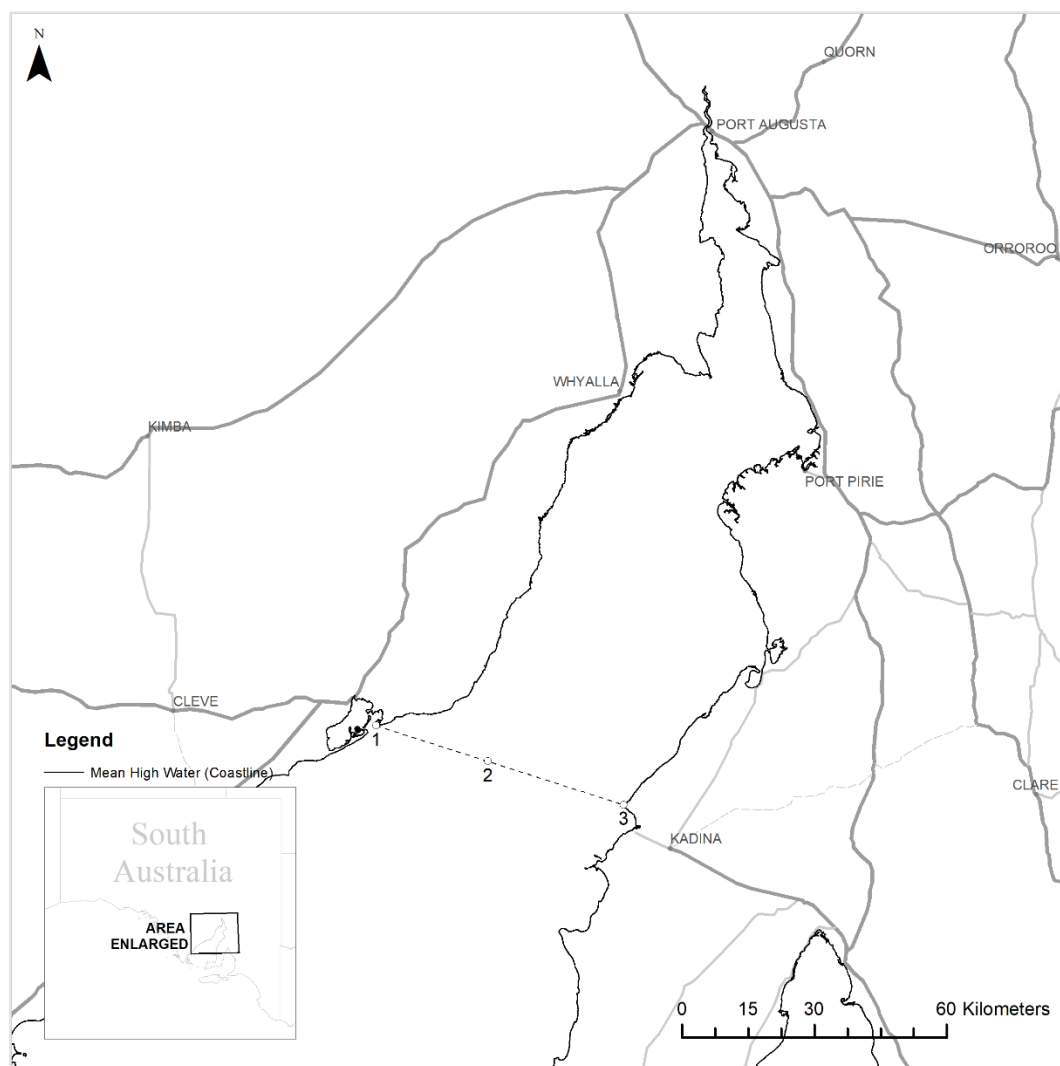

The Upper Spencer Gulf Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 33°43'33.99" South, 136°59'25.26" East (Point 1), then south-easterly to 33°47'39.54" South, 137°15'54.69" East (Point 2), then south-easterly to the location on mean high water springs closest to 33°52'35.32" South, 137°36'00.86" East (Point 3), then beginning north-easterly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 18 showing the Upper Spencer Gulf Management Area.

SCHEDULE 18

Map of the Upper Spencer Gulf Management Area

Macroalgae management area descriptions

Eastern Spencer Gulf Management Area

The Eastern Spencer Gulf Management Area is comprised of the area described in Schedule 19 and depicted on the map in Schedule 20.

SCHEDULE 19

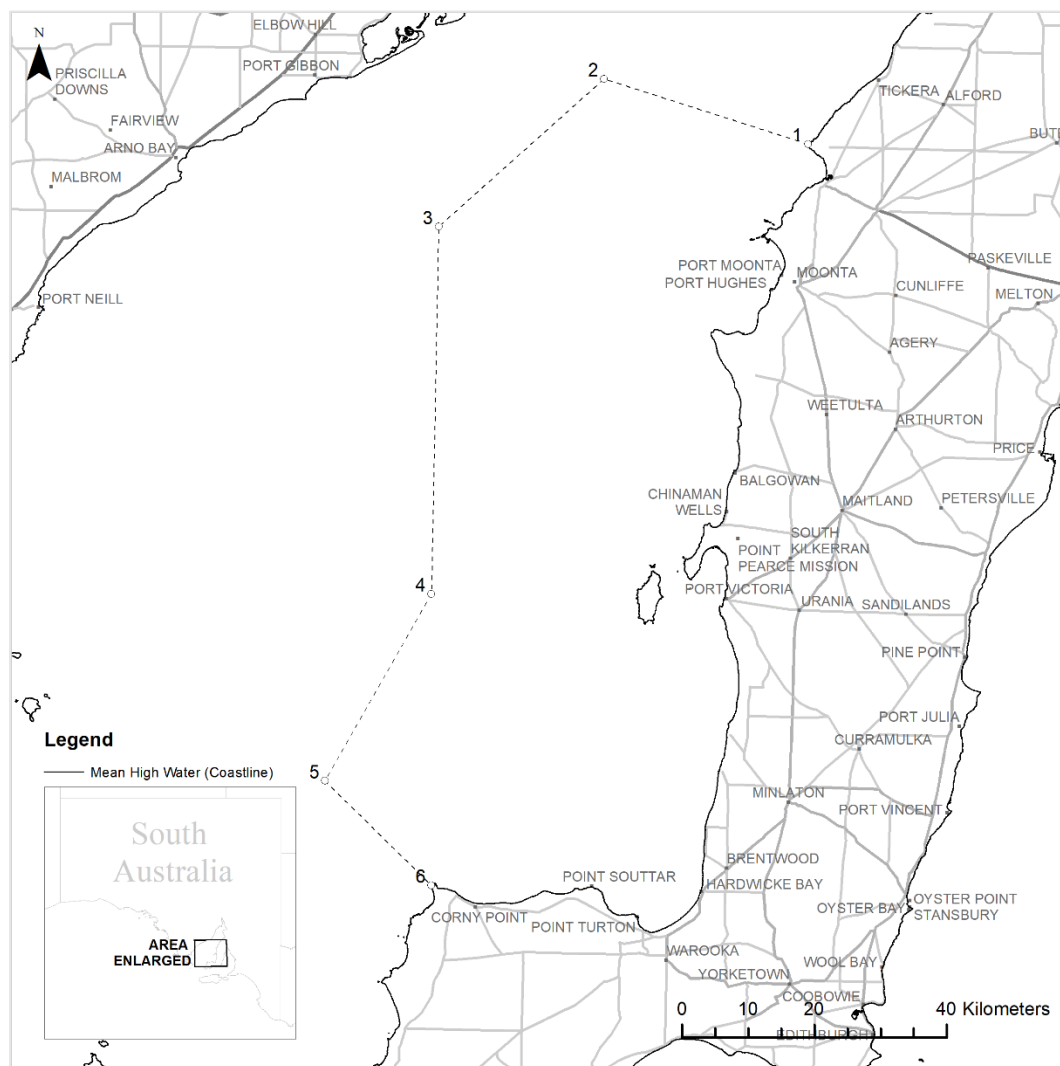

The Eastern Spencer Gulf Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 33°52'35.32" South, 137°36'00.86" East (Point 1), then north-westerly to 33°47'39.54" South, 137°15'54.69" East (Point 2), then south-westerly to 33°59'59.95" South, 137°00'00.03" East (Point 3), then southerly to 34°29'59.95" South, 137°00'00.03" East (Point 4), then south-westerly to 34°45'25.10" South, 136°49'49.43" East (Point 5), then south-easterly to the location on mean high water springs closest to 34°53'46.66" South, 137°00'33.96" East (Point 6), then beginning easterly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 20 showing the Eastern Spencer Gulf Management Area.

SCHEDULE 20

Map of the Eastern Spencer Gulf Management Area

Macroalgae management area descriptions

Western Yorke Management Area

The Western Yorke Management Area is comprised of the area described in Schedule 21 and depicted on the map in Schedule 22.

SCHEDULE 21

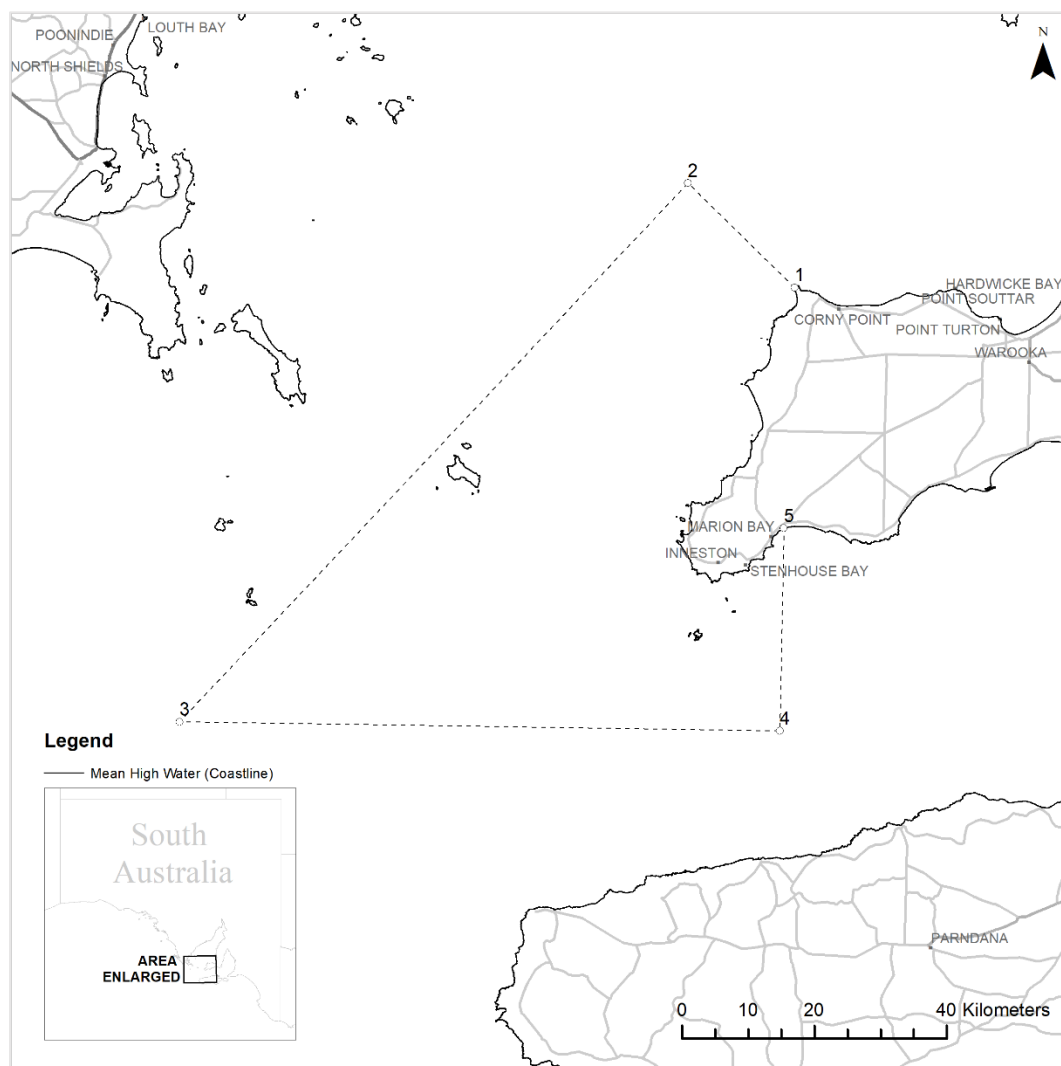

The Western Yorke Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°53'46.66" South, 137°00'33.96" East (Point 1), then north-westerly to 34°45'25.10" South, 136°49'49.43" East (Point 2), then south-westerly to 35°29'59.95" South, 136°00'00.03" East (Point 3), then easterly to 35°29'59.95" South, 137°00'00.03" East (Point 4), then northerly to the location on mean high water springs closest to 35°13'26.89" South, 136°59'59.96" East (Point 5), then beginning south-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 22 showing the Western Yorke Management Area.

SCHEDULE 22

Map of the Western Yorke Management Area

Macroalgae management area descriptions

Southern Yorke Management Area

The Southern Yorke Management Area is comprised of the area described in Schedule 23 and depicted on the map in Schedule 24.

SCHEDULE 23

The Southern Yorke Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 35°13'26.89" South, 136°59'59.96" East (Point 1), then southerly to 35°29'59.95" South, 137°00'00.03" East (Point 2), then westerly to 35°29'59.95" South, 137°37'48.03" East (Point 3), then northerly to the location on mean high water springs closest to 35°09'39.45" South, 137°37'47.95" East (Point 4), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 24 showing the Southern Yorke Management Area.

SCHEDULE 24

Map of the Southern Yorke Management Area

Macroalgae management area descriptions

Eastern Yorke Management Area

The Eastern Yorke Management Area is comprised of the area described in Schedule 25 and depicted on the map in Schedule 26.

SCHEDULE 25

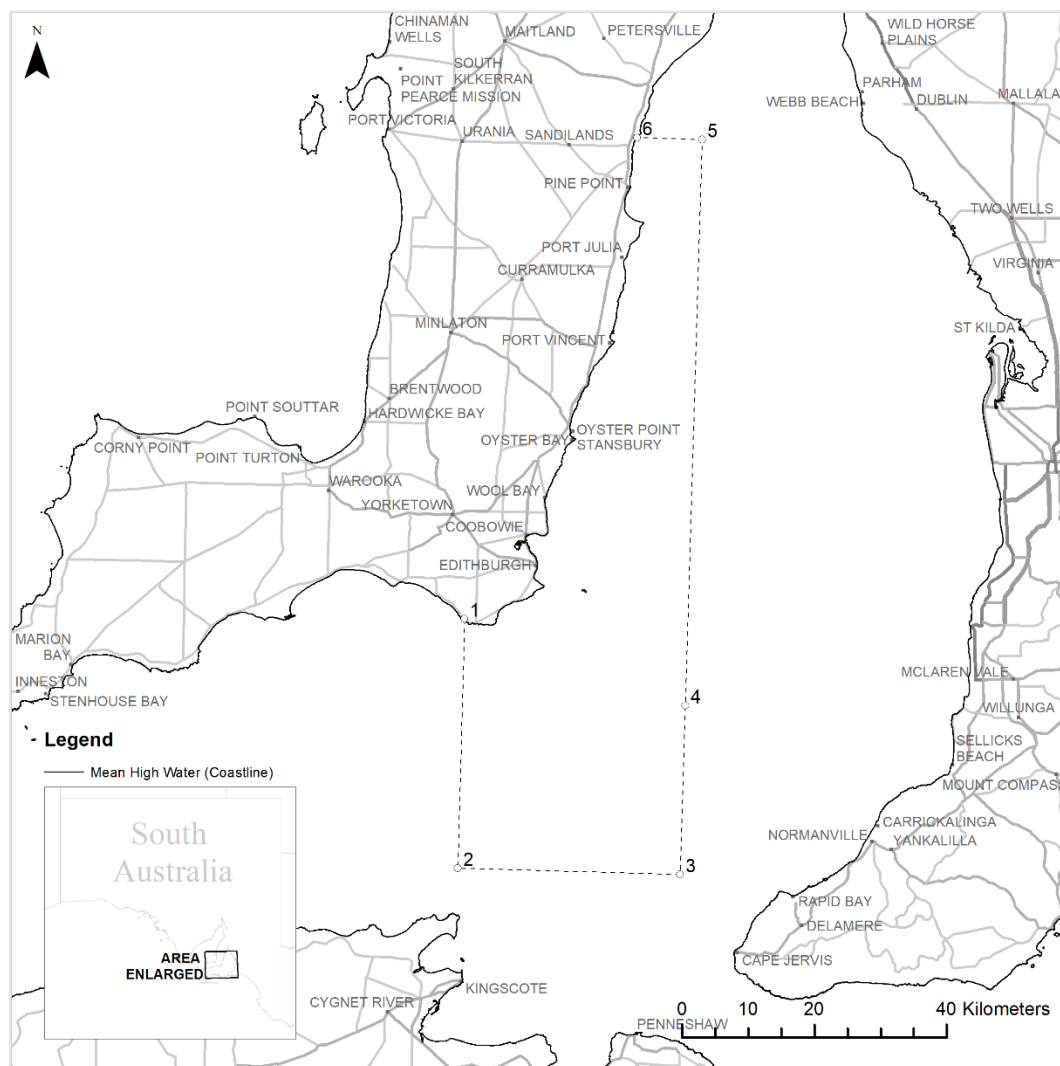

The Eastern Yorke Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 35°09'39.45" South, 137°37'47.95" East (Point 1), then southerly to 35°29'59.95" South, 137°37'48.03" East (Point 2), then easterly to 35°29'59.95" South, 138°00'00.02" East (Point 3), then northerly to 35°16'11.95" South, 138°00'00.02" East (Point 4), then northerly to 34°29'59.95" South, 138°00'00.03" East (Point 5), then westerly to the location on mean high water springs closest to 34°29'59.95" South, 137°53'34.01" East (Point 6), then beginning southerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 26 showing the Eastern Yorke Management Area.

SCHEDULE 26

Map of the Eastern Yorke Management Area

Macroalgae management area descriptions

Gulf St Vincent Management Area

The Gulf St Vincent Management Area is comprised of the area described in Schedule 27 and depicted on the map in Schedule 28.

SCHEDULE 27

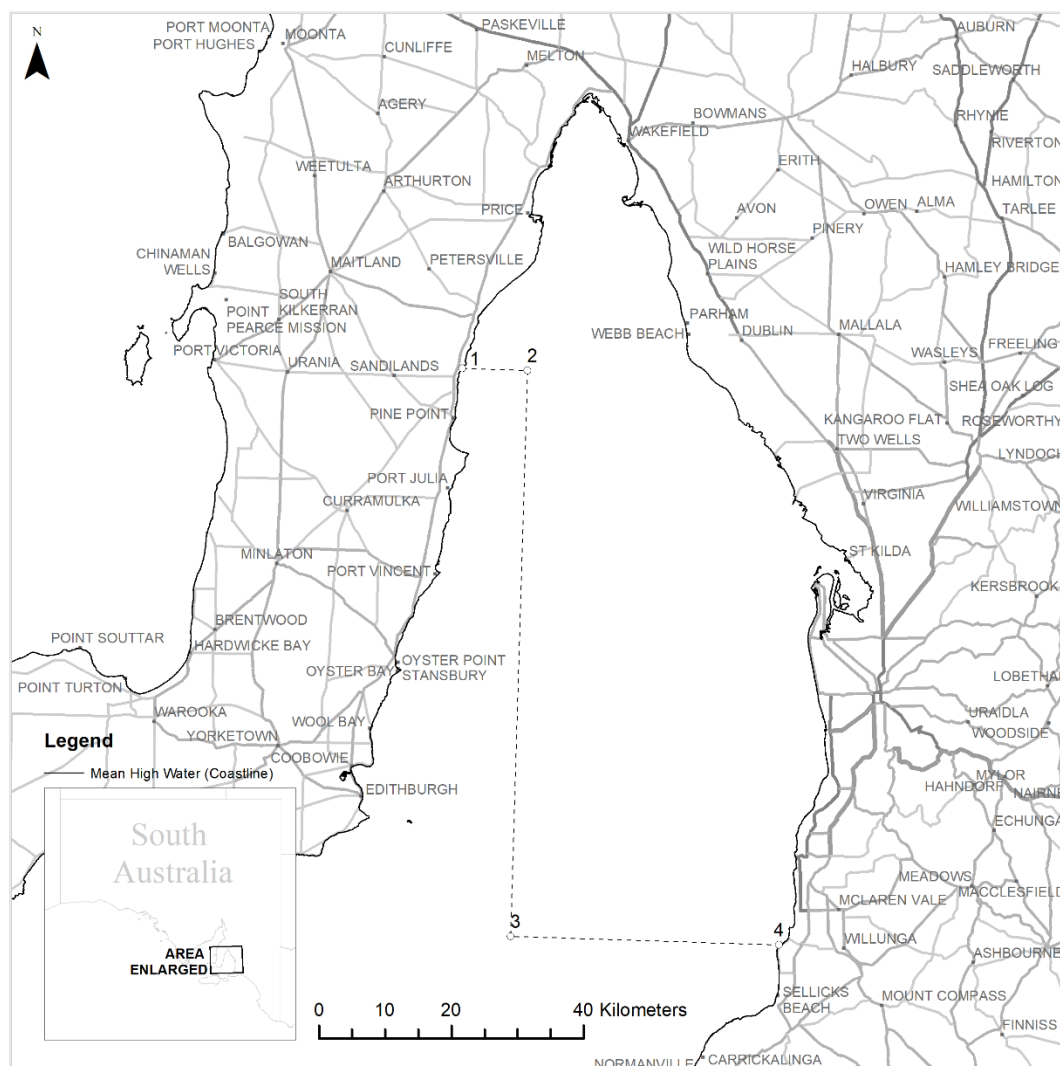

The Gulf St Vincent Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 34°29'59.95" South, 137°53'34.01" East (Point 1), then easterly to 34°29'59.95" South, 138°00'00.03" East (Point 2), then southerly to 35°16'11.95" South, 138°00'00.02" East (Point 3), then easterly to the location on mean high water springs closest to 35°16'11.50" South, 138°26'44.91" East (Point 4), then beginning easterly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 28 showing the Gulf St Vincent Management Area.

SCHEDULE 28

Map of the Gulf St Vincent Management Area

Macroalgae management area descriptions

Fleurieu Management Area

The Fleurieu Management Area is comprised of the area described in Schedule 29 and depicted on the map in Schedule 30.

SCHEDULE 29

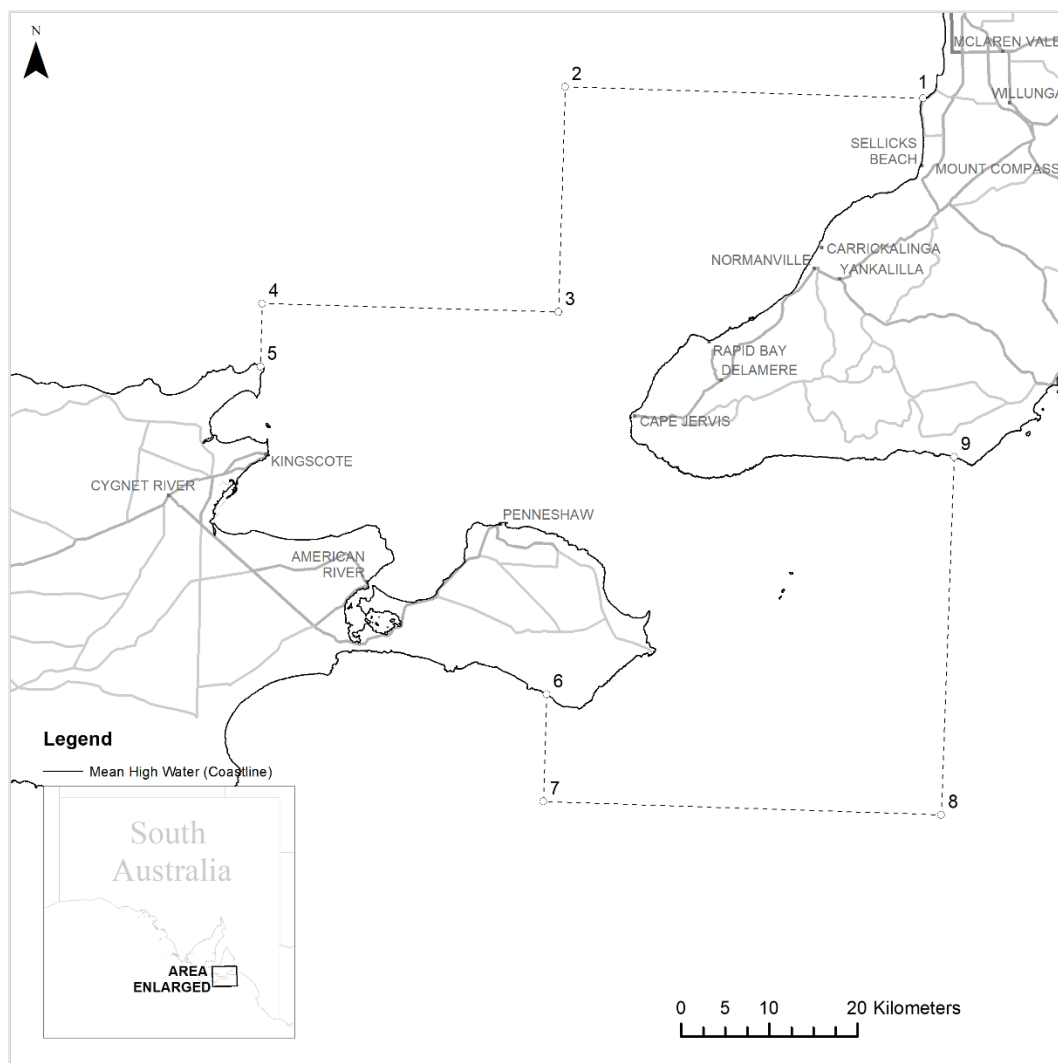

The Fleurieu Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 35°16'11.50" South, 138°26'44.91" East (Point 1), then westerly to 35°16'11.95" South, 138°00'00.02" East (Point 2), then southerly to 35°29'59.95" South, 138°00'00.02" East (Point 3), then westerly to 35°29'59.95" South, 137°37'48.03" East (Point 4), then southerly to 35°33'52.23" South, 137°37'48.00" East (Point 5), then beginning easterly following the line of mean high water springs to the location on mean high water springs closest to 35°53'26.09" South, 137°59'59.97" East (Point 6), then southerly to 35°59'59.95" South, 138°00'00.03" East (Point 7), then easterly to 35°59'59.95" South, 138°30'00.03" East (Point 8), then northerly to the location on mean high water springs closest to 35°38'04.71" South, 138°29'59.98" East (Point 9), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 30 showing the Fleurieu Management Area.

SCHEDULE 30

Map of the Fleurieu Management Area

Macroalgae management area descriptions

Northern Kangaroo Island Management Area

The Northern Kangaroo Island Management Area is comprised of the area described in Schedule 31 and depicted on the map in Schedule 32.

SCHEDULE 31

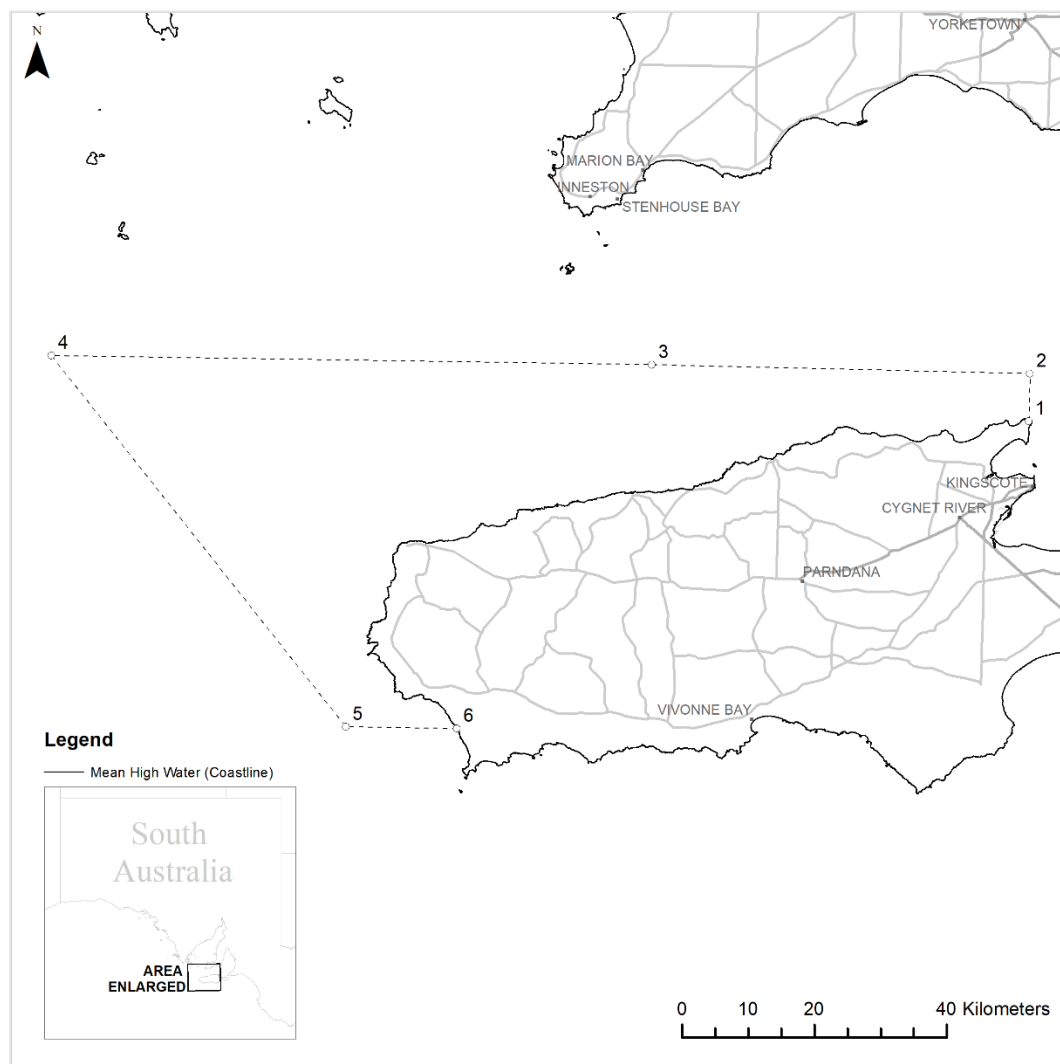

The Northern Kangaroo Island Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 35°33'52.23" South, 137°37'48.00" East (Point 1), then northerly to 35°29'59.95" South, 137°37'48.03" East (Point 2), then westerly to 35°29'59.95" South, 137°00'00.03" East (Point 3), then westerly to 35°29'59.95" South, 136°00'00.03" East (Point 4), then south-easterly to 35°59'59.95" South, 136°30'00.03" East (Point 5), then easterly to the location on mean high water springs closest to 35°59'59.95" South, 136°41'08.51" East (Point 6), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 32 showing the Northern Kangaroo Island Management Area.

SCHEDULE 32

Map of the Northern Kangaroo Island Management Area

Macroalgae management area descriptions

Southern Kangaroo Island Management Area

The Southern Kangaroo Island Management Area is comprised of the area described in Schedule 33 and depicted on the map in Schedule 34.

SCHEDULE 33

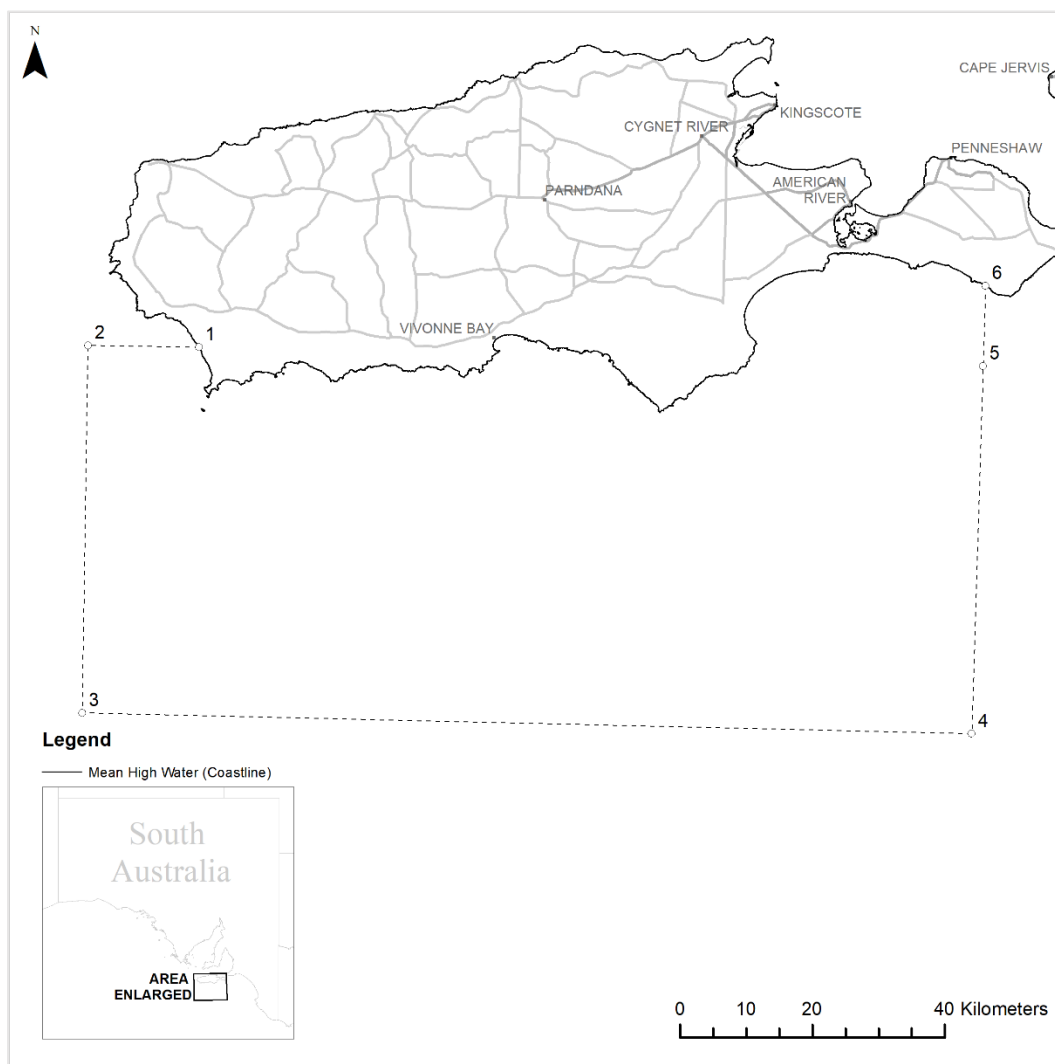

The Southern Kangaroo Island Management Area comprises State waters contained within and bounded by a line commencing at mean high water springs closest to 35°59'59.95" South, 136°41'08.51" East (Point 1), then westerly to 35°59'59.95" South, 136°30'00.03" East (Point 2), then southerly to 36°29'59.95" South, 136°30'00.03" East (Point 3), then easterly to 36°29'59.95" South, 138°00'00.03" East (Point 4), then northerly to 35°59'59.95" South, 138°00'00.03" East (Point 5), then northerly to the location on mean high water springs closest to 35°53'26.09" South, 137°59'59.97" East (Point 6), then beginning north-westerly following the line of mean high water springs to the point of commencement.

Notes—

The point references in this description are references to the corresponding points in the map in Schedule 34 showing the Southern Kangaroo Island Management Area.

SCHEDULE 34
