The Hon Nicola Centofanti MLC
Member of the Legislative Council
Parliament House
ADELAIDE SA 5000

Dear Ms Centofanti

Nicola,

Determination under the *Freedom of Information Act 1991*

I refer to your application made under the *Freedom of Information Act 1991* (the Act) received by the Office of the Minister for Primary Industries and Regional Development and the Office of the Minister for Forest Industries on 5 August 2022 requesting access to the following:

“A current index of all briefs held on the objective document management system

- (a) Received by the Minister’s Office;*
- (b) Requested by the Minister’s Office;*
- (c) Generated by the Minister’s Office; &*
- (d) Returned to the Department after consideration by the Minister or Minister’s Office Staff,*
between 21 March 2022 and 31 July 2022”

Accordingly, the following determination has been finalised.

I have located two documents that are captured within the scope of your request.

Determination 1

I have determined that access to the following document is **granted in part**:

Doc No.	Description of document	No. of Pages
1	Index of briefs held in Objective received by the Office of the Minister for Primary Industries and Regional Development, Minister for Forest Industries and returned to the Department of Primary Industries and Regions (PIRSA) after consideration by Minister’s Office – 21/3/2022 to 31/7/2022	3

Minister for Primary Industries and Regional Development
Minister for Forest Industries

GPO Box 1671 Adelaide SA 5001

The information removed from the above document is pursuant to Clause 1(1)(e), Clause 6(1), Clause 7(1)(c) and Clause 9(1) of Schedule 1 of the Freedom of Information Act 1991.

Clause 1(1)(e) states:

“1 – Cabinet documents

- (1) *A document is an exempt document –*
(e) *if it contains matter the disclosure of which would disclose information concerning any deliberation or decision of Cabinet;”*

The information removed would reveal detail of a matter being considered in Cabinet.

Clause 6(1) states:

“6 - Documents affecting personal affairs

- (1) *A document is an exempt document if it contains matter the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead).”*

The information removed pursuant to Clause 6(1) consists of the names of individuals and identifying information.

It is considered that members of the public can correspond with a Minister without fear that their identities are released.

Accordingly, it is considered that disclosure of this information would be an unreasonable intrusion into the privacy rights of the individuals concerned.

Clause 7(1)(c) states:

“7 – Documents affecting business affairs

- (1) *A document is an exempt document –*
(c) *if it contains matter –*
(i) *consisting of information (other than trade secrets or information referred to in paragraph (b)) concerning the business, professional, commercial or financial affairs of any agency or any other person; and*
(ii) *the disclosure of which –*
(A) *could reasonably be expected to have an adverse effect on those affairs or to prejudice the future supply of such information to the Government or to an agency; and*
(B) *would, on balance, be contrary to the public interest”*

The information removed pursuant to Clause 7(1)(c) consists of the following:

- the names of individuals and organisations
- topics of discussion

In addressing the public interest test requirement for the Clause 7(1)(c) exemption, I have balanced the following factors:

In favour of the public interest:

- Meeting the objects of the Act favouring access to documents.
- Ensuring optimal use of public resources.
- High level of interest in the accountability of public office holders.
- The importance of transparency and openness and the interest that the public has in the decision-making processes of Government.

Contrary to the public interest:

- The need to preserve confidentiality of the names of individuals and organisations when undertaking business discussions.
- The recent age of the information was considered and the continuing relevance of the matters.
- If the information was released, organisations may be reluctant to transact with the Office of the Minister for fear of their identities being exposed.
- Disclosure of this information may compromise the manner in which information is recorded for the decision-making processes and transparency of Government.
- The release of this information would have the potential to harm business relationships with Government.

Having considered the various factors weighing for and against disclosure, I have determined that disclosure of this information would, on balance, be contrary to the public interest.

Clause 9(1) states:

“9—Internal working documents

(1) A document is an exempt document if it contains matter—

(a) that relates to -

(i) any opinion, advice or recommendation that has been obtained, prepared or recorded; or

(ii) any consultation or deliberation that has taken place, in the course of, or for the purpose of, the decision-making functions of the Government, a Minister or an agency; and

(b) the disclosure of which would, on balance, be contrary to the public interest.”

The information removed pursuant to Clause 9(1) consists of the topics of discussion for the decision-making purposes of a Minister.

In addressing the public interest test for the Clause 9(1) exemption, I have balanced the following factors:

In favour of the public interest:

- Meeting the objects of the Act favouring access to documents.

- Ensuring optimal use of public resources.
- High level of interest in the accountability of public office holders.
- The importance of transparency and openness and the interest that the public has in the decision-making processes of Government.

Contrary to the public interest:

- Topics of discussion are required to be recorded when registering correspondence, however, the confidentiality of some subjects must be maintained for decision-making purposes.
- The recent age of the information was considered and the continuing relevance of the matters.
- Disclosing this information may compromise the manner in which information is gathered in the future, resulting in less information being recorded when registering correspondence.

Having considered the various factors weighing for and against disclosure, I have determined that disclosure of this information would, on balance, be contrary to the public interest.

Determination 2

I have determined that access to the following document is **granted in part**:

Doc No.	Description of document	No. of Pages
2	Index of briefs held in Objective requested and generated by the Office of the Minister for Primary Industries and Regional Development, Minister for Forest Industries – 21/3/2022 to 31/7/2022	4

The information removed from the above documents is pursuant to Clause 6(1), Clause 7(1)(c) and Clause 9(1) of Schedule 1 of the Freedom of Information Act 1991.

The information removed pursuant to Clause 6(1) consists of the names of individuals and identifying information.

It is considered that members of the public can correspond with a Minister without fear that their identities are released.

Accordingly, it is considered that disclosure of this information would be an unreasonable intrusion into the privacy rights of the individuals concerned.

The information removed pursuant to Clause 7(1)(c) consists of the following:

- If the information was released, organisations may be reluctant to transact with the Office of the Minister for fear of their identities being exposed.
- Disclosure of this information may compromise the manner in which information is recorded for the decision-making processes and transparency of Government.
- The release of this information would have the potential to harm business relationships with Government.

Having considered the various factors weighing for and against disclosure, I have determined that disclosure of this information would, on balance, be contrary to the public interest.

The information removed pursuant to Clause 9(1) consists of the topics of discussion for the decision-making purposes of a Minister.

In addressing the public interest test for the Clause 9(1) exemption, I have balanced the following factors:

In favour of the public interest:

- Meeting the objects of the Act favouring access to documents.
- Ensuring optimal use of public resources.
- High level of interest in the accountability of public office holders.
