Licence Holder Details

Licence and Lease No:
Name of Licence Holder/s:
Postal Address:
Phone number:
Name of prescribing veterinarian:
Aquaculture Zone or Area:

If you are considering using an off-label chemical treatment, you must submit an application to PIRSA Fisheries and Aquaculture for written approval of the Minister. Off-label chemicals are those that are not currently registered and permitted by the Australian Pesticides and Veterinary Medicines Authority (APVMA).

Please allow up to 5 working days for the application to be processed. For emergency situations (risk of stock loss), applications will be assessed as a matter of priority. If the chemical use request has no precedent and is considered high risk, you may be notified that the assessment process will be greater than 5 days to allow for risk assessment and consultation.

Note that a veterinary prescription is required to accompany this application.

Unauthorised chemical use may result in a breach of the *Aquaculture Regulations 2016* which could result in fines of up to \$10,000 or licence cancellation. Breaches of EPA legislation may result in considerably larger fines.

For more information please see PIRSA Fisheries and Aquaculture website www.pir.sa.gov.au/aquaculture/aquatic_animal_health

Please complete the below application and sign the declaration for your request to be considered.

1) What is the species to be treated?

.....

2) Is the veterinary prescription attached? If so, what is the script number?

.....

3) What is the veterinary diagnosis (i.e. reason for the treatment)?

.....
.....
.....

4) Is the reason for treatment due to a suspected or confirmed notifiable disease? If yes have you reported this to PIRSA?

.....
.....

5) Is the reason for treatment considered an emergency to prevent stock loss?

.....
.....

6) What is the name of the chemical to be used and the CAS#?

.....

7) Is the Certificate of Analysis (COA) attached from the manufacturer?

.....

8) Is the Material Safety Data Sheet (MSDS) attached?

.....

9) Are there any previous permits for the chemical or current permits (APVMA or PIRSA)?

.....
.....

10) Have alternative chemical treatments (currently permitted by the APVMA) been considered?

.....
.....
.....

11) What is the total amount of chemical product (g or kg) proposed for use?

.....

12) What is the amount of active chemical ingredient in the product (g or kg)?

.....

13) What is the number of animals/biomass to be treated?

.....

14) What is the proposed dose rate (e.g. mg/kg, mg/L)?

.....

15) What is the proposed treatment course (e.g. 3 days, 2 weeks etc)?

.....
.....

16) What is the proposed daily treatment schedule (twice per day, morning & night etc)?

.....
.....

17) What is the proposed treatment start date & completion date (known or estimate)?

Start date:

Completion date:

18) What is the proposed treatment method (e.g. bath, in feed, intubation etc)?

.....

19) What is the known efficacy of this treatment?

.....

.....

20) What is the proposed withholding period?

.....

21) Is flesh residue analysis being conducted?

.....

22) Is this chemical or treatment water being released into the environment?

.....

.....

23) If treatment water is being discharged from a land-based facility, what are the volumes of water being discharged? (i.e. individual tank supply and discharge rates, as well as overall discharge rate from the facility)

.....

.....

.....

.....

.....

24) Please provide any further information that would improve assessment time of this application, including:

- Host safety
- Ecotoxicity
- Food safety

.....

.....

.....

* Please attach any other relevant information (e.g. published papers) that would assist with the assessment process.

* APVMA = Australian Pesticide and Veterinarian Medicines Authority

Declaration

A person must not make a statement that is false or misleading in a material particular (whether by reason of the inclusion or omission of any particular) in any information provided under the *Aquaculture Act 2001*.
Maximum penalty: \$5,000

I/We declare that the information I/We have provided in this form is true and accurate.
