

**PLAY YOUR PART**

# Reduce the risk of Japanese encephalitis

## Control

mosquitoes on your property.  
Eliminate breeding areas and  
use chemicals responsibly.

## Prevent

mosquitoes biting your  
pigs and horses.  
Protect yourself, your staff  
and your family.

## Report

if you suspect the virus  
call the Emergency Animal  
Disease Hotline on  
1800 675 888.

*PIRSA will cover the costs of  
testing for Japanese encephalitis  
for eligible cases.*
