GENERAL INFORMATION

1. The Fisheries Management (Lakes and Coorong Fishery) Regulations 2009 provide that a licence in respect of the fishery may be transferred with the consent of the Minister. An application for consent must be in writing and must be made on this form, which has been approved by the Minister.

2. The Fisheries Management (Lakes and Coorong Fishery) Regulations 2009 provide that the mesh net and yabby pot entitlements will be reduced upon the transfer of a licence (exemptions apply for a family transfer). If a licence is to be amalgamated with another Lakes and Coorong Fishery licence, the mesh net and yabby pot entitlement may be amalgamated, but maximum limits also apply in this circumstance. Please refer to page 16.

3. The Fisheries Management (Lakes and Coorong Fishery) Regulations 2009 provide that: The Minister may only consent to the transfer of a licence if satisfied as to the following:
   (a) that any fees or other amounts payable in relation to the licence under the Act or the repealed Act have been paid in full;
   (b) that the licence to be transferred has not been suspended;
   (c) that no proceedings alleging an offence against the Act or the repealed Act are pending or likely to be commenced in the State against the holder of the licence;
   (d) that the transferee is a natural person of at least 15 years of age and is a fit and proper person to hold a licence in respect of the fishery;
   (e) if a boat registered for use under the licence is the subject of, or registered for use under, or is otherwise referred to in, a licence, permit, authority or other entitlement to take aquatic resources granted under a law of the Commonwealth or a corresponding law—
      (i) that the entitlement is either to be transferred together with the licence to the transferee or to be surrendered on or before the transfer of the licence; or
      (ii) that—
         (A) the transfer of the licence separately from the entitlement is not likely to result in fishing activities that over-exploit or endanger the aquatic resources of the State; and
         (B) the person or body that granted the entitlement concurs with the separate transfer of the licence.

4. 'Catch history' is the amount of fish taken by a licence holder pursuant to a licence issued under the Fisheries Management Act 2007. In some fisheries, when management arrangements have changed, catch history has been used as one of the relevant criteria when allocating resources. It is important to note that PIRSA Fisheries & Aquaculture does not recognise the transfer of catch history from one licence holder to another when a licence is sold or transferred. Catch history can only be recognised for a person who holds a valid licence.

5. Upon the death of a licence holder, the licence will become vested in the personal representative of the deceased, as part of the estate of the deceased. The requirements that apply in this situation are set out in section 57 of the Fisheries Management Act 2007.
6. The Fisheries Management Act 2007 provides that a public register of authorities (including licences) issued under the Act must be kept. This register must include, among other things, a notation that a specified person has a registered interest in a licence. This notation will be made upon application by the holder of the relevant licence, and on payment of the prescribed fee.

7. If you are in the process of acquiring a licence under the Fisheries Management Act 2007 you are advised to make independent enquiries of the licence holder as to any demerit points that are recorded on that licence. The Public Register may not be up to date at the time of your search as there are sometimes delays in the allocation process and so should not be relied upon in isolation from other enquiries any demerits that are incurred by the licence as at the time of the transfer will be attributed to the relevant licence in the ordinary course of business regardless of any transfers occurring in that period. If you require further clarification of the actual demerits held by a licence prior to any transfer you will need to request that from PIRSA Fisheries and Aquaculture in writing and as part of that process you will need written consent of the licence holder for that information to be released to you.

FALSE AND MISLEADING INFORMATION

A person must not make a statement that is false or misleading in a material particular (whether by reason of the inclusion or omission of any particular) in any information provided, or record kept, under this Act.

Maximum penalty:
(a) if the case where the offence involved the making of a false or misleading statement, or the provision of false or misleading information, relating to a quota entitlement under a fishery authority—
   (i) if the offender is a body corporate—$300 000;
   (ii) if the offender is a natural person—$60 000;
(b) in any other case—
   (i) if the offender is a body corporate—$100 000;
   (ii) if the offender is a natural person—$20 000.

Note 1: Regulation 7 of the *Fisheries Management (Lakes and Coorong Fishery) Regulations 2009* provides that the registered master of a registered boat must be the licence holder except in circumstances where the holder of the licence also holds another licence in the Lakes and Coorong Fishery or another fishery. In that case, the licence holder must be the registered master in relation to at least one of those licences.

The licence holder will automatically be endorsed as the master on owner operator licences.
